Subject: Requests **Importance:** High

Good afternoon Mayor,

Please see the attached documents as requested.

Please let me know if you have any questions or concerns.

Thank you, Calvin

Calvin W. Goings
Department Director

City of Seattle, <u>Department of Finance and Administrative Services</u> (FAS) calvin.goings@seattle.gov

From: Grove, Kiersten < <u>Kiersten.Grove@seattle.gov</u>>
Sent: Monday, June 08, 2020 3:04 PM

To: Goings, Calvin < Calvin.Goings@seattle.gov>

Subject: Follow Up

Calvin,

Attached please find three documents and supporting materials:

- 1. A draft memo and resolution transferring the East Precinct. Please note that this is drafted as a resolution as significant legal analysis will need to be done to ensure that this is executed as intended.
- 2. A memo and supporting materials that outline options within the East Precinct boundaries for relocating the facility. Please note that for any of these options there will be some set up time required, including for any portables. In the current form, the Precinct would require dozens of portables which may not provide sufficient security for data or other law enforcement materials.
- 3. A memo outlining the process for relocating the Precinct functions.

NON-COVID-19 Pipeline Memo

To: Mayor Jenny A. Durkan

Date: June 8, 2020

Subject: Proposed Resolution Language

From: Calvin W. Goings, Department Director, Finance and Administrative Services

CC: Deputy Mayor Casey Sixkiller

Purpose: Propose language for a resolution, granting transfer of the East Precinct to BLM Seattle-King County.

Background and Options: Attached, in Attachment A, is proposed language that the Mayor could use for a resolution to transfer the property from the City to BLM-Seattle-King County

Next Steps: Before moving forward with transferring, FAS recommends:

- Working with the Law Department to draft real-property transfer documents
- Work with the Law Department to ensure that all tax implications for BLM Seattle-King County have been considered prior to transferring a multi-million-dollar property to them.

WHEREAS The recent murder of George Floyd shows once again the generational impacts of systemic racism, shining a light on hundreds of years of racism and injustice that has haunted our past and present.

WHEREAS There have been black and brown people killed by police here in Seattle. John T. Williams, Che Taylor, Charleena Lyles and so many more. Their lives have been cut short due to the unfortunate interactions with the police.

WHEREAS Our collective failure to address racism and inequality is not just in policing in America. It is in housing, health, education, and economic opportunity.

WHEREAS Millions around the world are expressing their dismay in the streets by continuing to center community through peacefully protesting and calling for an end to police violence and the systemic structures that perpetuate it.

WHEREAS This is a moment that summons the City of Seattle to do more and to do better. The City can build true, intentional, and sustainable justice and change. The City has opportunity to build on the lasting systemic changes that can transform policing and the department. The City must bring the same intensity, commitment to serving the people, and commitment to cure the illness of racism that we have brought to COVID-19.

WHEREAS The Black community wants their voice heard and centered.

WHEREAS The City of Seattle must be intentional in investments that will make a difference in the lives of people of color in our city, support resilient communities, and undo systemic and structural racism. The City of Seattle needs to adjust priorities and must do that with our dollars.

WHEREAS The City of Seattle will develop a plan with community for a new police budget. The City of Seattle will change how we think of policing. The City will invest in programs like our civilian Community Services Officers, our Crisis Intervention Team, and the Community Policing Bureau.

WHEREAS The City is committed to identifying at least \$100 million to invest in neglected communities. The City will invest in community-based and community-driven programs that invest in black youth and adults, employment programs, black owned businesses and providing alternatives to arrest and incarceration.

WHEREAS The East Precinct, located at 1519 12th Avenue, Seattle WA is located in the heart of Seattle's Capitol Hill neighborhood, a neighborhood known for its diversity and social activism. This precinct houses Seattle Police officers who patrol Seattle's Central District neighborhood and has been seen as a symbol of police oppression in one of Seattle's historically Black neighborhoods. This property is valued in excess of \$5,000,000.

WHEREAS Black Lives Matter Seattle-King County is a grassroots, volunteer-run, social-justice nonprofit organization focused on the empowerment and liberation of Blacks and other people of color through advocacy and direct action. BLM Seattle centers leadership on Black femmes, women, and queer people organizing and taking direct action to dismantle anti-black systems and policies of oppression. The core activists and organizers of BLM Seattle King County is a group of Black and other people of color focused on dismantling anti-black systems and policies of oppression.

NOW THEREFORE:

The City transfers permanent use of/ownership of 1519 12th Avenue, Seattle, WA 98122, also known as the East Precinct to Black Lives Matters Seattle-King County Chapter, effective July 1, 2020.

The City of Seattle agrees to vacate the property and remove all law-enforcement materials and police-related facilities, such as holding cells and all police insignia, from the building before vacating.

The City of Seattle commits to the ongoing maintenance of the building as needed, to be determined to Black Lives Matters Seattle-King County Chapter.

NON-COVID-19 Pipeline Memo

To: Mayor Jenny A. Durkan

Date: June 8, 2020

Subject: Relocation of SPD East Precinct

From: Calvin W. Goings, Department Director, Finance and Administrative Services

CC: Deputy Mayor Casey Sixkiller

<u>Purpose:</u> Propose options for relocation of the SPD East Precinct from its location on Capitol Hill to create options for the City to utilize the facility and/or land in a different manner.

<u>Summary:</u> Currently, the East Precinct has 61,254 SF of office space and 42,085 SF for vehicle parking. The latter is located one half block away in the basement of the 12th Ave Arts Building and has 54 fleet vehicles housed within the location with additional SF believed to be used for SPD personal vehicles. Industry standard practice is 1000 SF (includes spaces and drive aisles) of parking per vehicle.

Background and Options: The East Precinct service area is attached as Exhibit A, which would guide a property search.

A 24-hour search (for expediency) revealed no single office properties in the service area available for lease have comparable square footage. There are properties that could accommodate individual portions of the office needs; a listing of available properties is attached as Exhibit B. There are 2 office properties for sale, each under 5,000 SF.

A search of City-owned or City-leased property in the service area is attached as Exhibit C. There are approximately 100 properties, excluding drainage and wastewater properties, Mutual and Offsetting Benefit properties, select substations, and smaller parcels such as street ends and P-patches. The listed City-owned or City-leased properties could be considered for property to host portable facilities. If portables are identified as the solution, there is a significant amount of time for temporary trailer stand up based upon site conditions.

Another option to consider could be the purchase/lease of a building specifically for community use in the Capitol Hill area. This could be faster to accomplish due to the reduced parking and programmatic needs.

<u>Financial Considerations:</u> The East Precinct is a City-owned property and leasing or purchasing a new site would present additional costs. The available properties would be

[APG]

assembled for a costing exercise. This listing cost and may be negotiable. Additional costs would include any needed tenant improvements, relocation costs, equipment, and security.

RSJI Considerations: A proposal to relocate SPD's East Precinct to provide optimized investment into communities could assist race and social justice purposes by optimizing the real estate for community-identified purposes.

<u>Recommendation(s)</u>: More time is needed for better review of alternatives, and FAS recommends such review.

Next Steps: Upon approval, FAS would engage a broker for a search of suitable alternatives.

Appendix: Map of East Precinct (Exhibit A); East Precinct Market Search (Exhibit B); List of City Properties (Exhibit C)

NON-COVID-19 Pipeline Memo

To: Mayor Jenny A. Durkan

Date: June 8, 2020

Subject: Move Contents from SPD East Precinct

From: Calvin W. Goings, Department Director, Finance and Administrative Services

CC: Deputy Mayor Casey Sixkiller

<u>Purpose:</u> Propose options for moving the contents of the SPD East Precinct to an alternate location(s).

<u>Summary:</u> The East Precinct has 61,254 SF of office space which holds a large variety of contents that would ideally be moved in a planned, coordinated transition to other site(s) or could more quickly be triaged and relocated if required.

Background and Options: The contents of the East Precinct include a wide variety of material ranging from typical office furniture, fixtures and equipment to sensitive material such as paper files, IT data and equipment, munitions, firearms and evidence. The most expeditious way to execute a move would be to engage one the City's existing B-vendor contractors that is large enough to scale up and handle most aspects of the effort with their own transportation resources. If portables are identified as the solution, there is a significant amount of time for temporary trailer stand up.

- Furniture, Fixtures and Equipment: The vendor would quickly assess and inventory the contents to determine what is worth salvaging from the building. Office systems furniture would be cataloged and disassemble for reuse. All other materials would be tagged for reuse or abandoned in place.
- IT Data and Equipment: ITD would lead the effort to dismantle, transport and reinstall things such as computers, drives, monitors, servers, batteries, radios, antenna, etc. A specialty vendor may be needed to assist.
- Paper Files: SPD would secure and supervise the transport of these materials by the moving vendor. PODS moving and storage systems could also be employed.
- Munitions, Firearms and Evidence: SPD would lead the effort to secure and transport
 these materials and provide the necessary chain of custody. The moving vendor could
 assist with transportation with the appropriate supervision and escort.
- SPD has 54 patrol cars and other vehicles. FAS Fleet Management can assist SPD in the moving of any vehicles that SPD cannot support at this time.

[APG]

<u>Financial Considerations:</u> A planned and coordinated move during business hours would be most cost effective, but afterhours moves are available. Blanket vendors have been prescreened through City procurement processes.

RSJI Considerations: The two existing B-vendor furniture contractors are WMBE firms.

Recommendation(s): If a move is called for, scale up the effort by using contracted resources to the maximum extent possible.

<u>Next Steps:</u> Upon approval, FAS would engage a blanket vendor contractor to begin an assessment of the contents of the East Precinct and associated spaces to develop a strategy and plan to remove all items.
